New Delhi-110063

Respected Sir,

Subject: Re-imburements of costs incurred in the calls to CSC

We five students as mentioned below have been selected for a project as a part of COIN PROGRAM for the company CSC(Computer Science Cooperation).

1. Saagar Minocha
2. Shubham Agarwal
3. Anupam Dewan
4. Ankita Arora
5. Himshikha Suhag

COIN PROGRAM that we have been enrolled in is one of the Collaborative Project under the fellowship of CSC .The project that we are working on is basically an extension to its Phase 1 version and is coined as "SYSTEM GENERATED ARCHITECTURAL MODEL"

As far as communication and follow-up is concerned we have to attend a conference call on the regular basis which is frequently held once a week. The calls that we attend is been called up through a gateway that have been already created by CSC as per its well-followed protocols. The call being of an ISD number and the college does not have ISD facility so we have to make the call through our cell-phones and it costs us a bit heavily i.e. Rs.8/min and being a student we are certainly unable to afford such calls on a regular basis. Till now it has costs us Rs. 1376 .Being keenly interested in the project and also unable to bear up the expenses we hereby request you, to please take into account the above mentioned issue and do give a thought at providing us with re-imburements.

Below is the attached copy of invites of the call sent by them to us and the duration of call and the total cost per call.

Thanking You,

Coin Project Team
